# EcoDigIntelliGen'24

NATIONAL CONFERENCE

Department of English
St. Joseph's College (Autonomous)
Tiruchirappalli, Tamil Nadu, India – 620002.

Intersections of Ecology, Digital/Social Media, Artificial Intelligence, and Gender Studies within the realms of Language and Literature

HYBRID MODE

04th December 2024 – Wednesday
Venue: Barbier Hall, Jubilee Building

The Heritage Institution

St. Joseph's College, an educational institution affiliated to Bharathidasan University, Tiruchirappalli, Tamil Nadu, was founded in 1844 by the Fathers of the Society of Jesus (the Jesuits), with the noble aim of providing education to the humanity with the motto "Pro Bono Et Vero" which means "FOR THE GOOD AND THE TRUE". This 181-year old wonder gained its recognition by the UGC as a College with Potential for Excellence (CPE) in the year 2004. The NAAC accredited SJC at "A" Grade (3rd cycle) in 2012, and re-accredited at "A++" Grade (4th cycle) in 2019. St. Joseph's College is the only college in the State of Tamil Nadu to be awarded the Special Heritage Status by the UGC in the year 2015. Striving to be an agent of social change, SJC trains young men and women for others.

The Department

To fulfill the growing demand for the study of English Language & Literature, SJC envisaged starting B.A. English in Shift-II in 2007, and M.A. English in 2011. The department has been periodically revising and updating the syllabi with socially relevant and job- oriented courses which have gained popularity in academic circles. The Department of English, which is one of the oldest and also one of the biggest departments of this college of historical importance, imparts quality education with a holistic vision to over 400 students with 18 Assistant Professors.

EcoDigIntelliGen'24

The Conference

EcoDigIntelliGen'24 aims to bring together scholars, educators, and practitioners to explore the ever-evolving intersections of ecology, digital/social media, artificial intelligence, and gender in the fields of English language and English literature. This conference provides a unique platform to investigate the challenges and opportunities presented by these dynamic forces and their impact on contemporary discourse, pedagogy, and research. With an aim to foster critical reflection and dialogue, EcoDigIntelliGen seeks to broaden our understanding of how digital technologies, ecological concerns, and gender dynamics converge to shape the study and teaching of English language & literature through a series of thought-provoking discussions, paper presentations, and collaborative sessions that will spark innovative approaches to the interconnected realities of our world.

Scope and Objectives

- Explore the multifaceted interactions between ecology, technology, AI and gender in literature and linguistics.
- Address how digital and social media reshape narratives in English language education & literary studies.
- Analyze the role of artificial intelligence in transforming research, language learning & teaching, and literary studies.
- Investigate ecological themes and gender identities within the broader context of language & literature.
- Promote interdisciplinary research to better understand the intersections between language, literature, and the digital era.

EcoDigIntelliGen'24
